- 5 It is the sense of Congress that—
- for (1) the annual Trafficking In Persons Report prepared by the Department of State pursuant to the Trafficking Victims Protection Act of 2000 (the "TIP Report") remains one of the most comprehensive, timely, and important sources of information on human trafficking in the world, and currently includes 187 individual country narratives;
  - (2) in January 2019, the statute mandating the TIP Report was amended to require that each report must cover efforts and activities occurring within the period from April 1 of the prior year through March 31 of the current year, which necessarily requires the collection and transmission of information after March 31;
  - (3) ensuring that the Department of State has adequate time to receive, analyze, and incorporate trafficking-related information into its annual Trafficking In Persons Report is important to the quality and comprehensiveness of that report;
- 25 (4) information regarding prevalence and pat-26 terns of human trafficking is important for under-

1	standing the scourge of modern slavery and making
2	effective decisions about where and how to combat
3	it; and
4	(5) United States officials responsible for moni-
5	toring and combating trafficking in persons around
6	the world should receive available information re-
7	garding where and how often United States diplo-
8	matic and consular officials encounter persons who
9	are responsible for, or who knowingly benefit from
10	severe forms of trafficking in persons.
